Dear Charles,

I cannot begin to thank you for the time and effort which you committed to the BBCC Board Retreat. Because of your personal passion, I believe that we have taken a step toward a solid and bright future.

Everyone who participated benefited from your skill as a facilitator. You uplifted everyone. You helped them regain a sense of self-esteem. You helped them realize what a wonderful organization we really are.

In addition, your unselfish work has given me a renewed sense of my own mission in the chamber, for that I will be eternally grateful.

Charles, you are extraordinary!! I thank God for you.

Very Sincerely,

Rita R. Head
President
