Realizing Your Ultimate Potential

What is your potential? Although no one else can say exactly what your potential is, potential is like an acorn. Looking at the acorn you might never guess that it has the potential to become a huge, beautiful oak tree. But the acorn knows exactly what is possible for itself. Just put it in the right environment, give it a little water and sunshine, and it starts its journey without hesitation. A few years later it may be taller than you, and in a decade it may be a towering giant.

“Realizing Your Ultimate Potential” will help you sprout your own acorn and unfold the *You* you’ve always wanted to be. It provides a window into yourself that helps you see yourself differently, think about your life in new ways, face the things you may have been avoiding, and understand who you really are. It takes you deep inside yourself for a look at the hidden you standing in the shadows, and slowly coaxes that new you out into the light of day.

“Realizing Your Ultimate Potential” nurtures your ability to create a vision of your life as you would like it to be. It then guides you to set goals, create action plans, develop disciplined mental and emotional habits, and surround yourself with coaches, mentors, and cheerleaders who will help and support your vision of a new life. This book is a treasure chest packed with over 100 pages of original content, fun and insightful self-discovery assessments, goal-setting forms, action-planning exercises and several free bonuses.

“Realizing Your Ultimate Potential” is one of 14 interactive programs contained within the **“Ultimate Destiny Success System”** from Ultimate Destiny University. It includes pre and post self-assessment quizzes, featured resources, application exercises and tools for planning what priority action steps to take to achieve your ultimate success in this area of successful living.

Enjoying Ultimate Health and Fitness

Has your energy been running lower with each successive year? Have you gained weight, noticed small disabilities like allergies or being out of breath, or been struggling with bigger issues like heart disease or cancer? If so, perhaps it is time for you to educate yourself on how to clean out, rebuild, feed, and exercise the body you've been living in for some years now.

“Enjoying Ultimate Health and Fitness” reminds you that both awareness and deliberate action are needed to keep you healthy and fit. And it shows that the process can be relatively easy and definitely fun!

Perhaps the most important thing about ***“Enjoying Ultimate Health and Fitness”*** is its emphasis on putting *yourself* back in charge of your health. There is no diet plan, no recommendations for particular dietary supplements, or sets of instructions on exercises. It does include, however, a number of specific helpful ideas and referrals to additional great resources.

“Enjoying Ultimate Health and Fitness” takes a systematic approach that works at multiple levels so that success is much easier to attain.

“Enjoying Ultimate Health and Fitness” is a wonderful way to start creating a life that you can enjoy at any age. It will provide you with a path to ultimate health and well-being. It will present you with the fun and easy tools and encouragement you need to start taking action. From creating a new vision of yourself to goal-setting, action plans, and support networks, everything you need to get started is here.

Enjoying Loving Relationships

Have you ever stopped to consider that regardless of what you are doing in life, that it's all about relationships? Consider how much relationships impact our lives. Wouldn't you agree that having loving, positive relationships would make life that much more enjoyable and harmonious?

The purpose of ***“Enjoying Loving Positive Relationships”*** from Ultimate Destiny is to help you do just that—enjoy peace and harmony by implementing simple, yet profound skills and actions designed to strengthen and take your relationships to a new level. You won't find a simpler guide to improving relationships that is also comprehensive in scope.

Take the mystery and negative drama out of relationships. Discover how getting yourself to *feel* better is a key to building the kind of relationships you want. Improve your life in other areas at the same time as you enjoy deeper relationships. Learn the most often overlooked simple factor as to why people struggle with relationships.

“Enjoying Loving Positive Relationships” will guide you to re-envision your relationships and draw people you would love to have in your life. As a rule, great relationships don't happen automatically. They are created and maintained with work and wisdom.

As you develop your capacity for truth, humor, and sharing, you will begin to become someone that other people gravitate to naturally, and you will discover that you do know how to be in loving, positive relationships at many levels and with many people.

Raising Your Level of Consciousness

Who am I? What am I doing here? Who, what, and where is God? These questions often begin a cycle of questioning and personal growth, raising your consciousness and changing the way you see yourself and the way you see the world.

So what does it mean to raise your consciousness? In essence, it means to expand the number of things you are aware of while increasing the depth of understanding you have about who and what you are. It can also be the first step toward enlightenment, which begins with an experience of the Godhead, or what many refer to as the Source.

“Raising Your Level of Consciousness” focuses on personal issues, particularly around the tremendous inner power we all have. Knowledge is power. From there, this resource takes you toward the creation of your personal roadmap. You learn how to raise your consciousness by focusing on the areas of most interest or need. Simple steps are laid out for becoming more aware of the important and joyful aspects of your inner and outer world.

“Raising Your Level of Consciousness” explores the interaction between perception and consciousness. What is the full potential of my consciousness? What would a fully awakened individual be like? The benefits of an awakened consciousness are many—from better health, wiser business decisions, and richer relationships—to inner peace, access to intuitive information, and a sense of power in the world. We can also become conscious of our true nature. When we are conscious of our true nature, love, joy, and wisdom can fill our emotional lives and guide our actions.

As you embark on your journey into higher consciousness, you will develop an underlying trust that life can be better. You will discover there are different ways to look at the same problem or different ways to live life—ways that more closely align with our identity as spiritual beings.

Attaining Spiritual Enlightenment

What is spiritual enlightenment? What do you consider to be your true identity? Are you secure in your identity as a spiritual being? Do you think you are overly tied to the physical world? Where does love come from? What does the study of near-death experiences tell you about the spiritual realm? Do you believe in God or in a power greater than yourself? Imagine that you are enlightened. What would that look, sound, and feel like? How would you act?

Intrigued by these questions? If so, **“Attaining Spiritual Enlightenment”** will help you answer many such thought-provoking questions.

The book examines the source of enlightenment and teaches you to use the power of your will to change your attitudes, outlook, moods, perceptions, and behaviors. You will become completely free to experience ongoing peace, joy, compassion, and unconditional love—and to behave in accordance with these. You will also make clearer sense of spiritual experiences, including profound ones triggered around the dying process. The focus of **“Attaining Spiritual Enlightenment”** is on the spiritual, not religious, aspect of our lives: our sense of purpose, our divinity, and our interaction and communication with a higher source. Spiritual enlightenment involves coming to see, know, and develop a working relationship with the eternal Spirit-Self that naturally exists within you. Through this book you will come to a whole new experience of your Self, your life, and your reason for being. You will begin to enter expanded states of awareness, live in the beauty, richness, and peacefulness of life, and connect deeply with joy—even in the midst of daily routines. You will learn how to recognize, apply, and enjoy your spirituality and the ways in which this understanding affects all areas of your life.

Enjoying Peace and Balance in Life

In your view, is the world basically a safe, beautiful, and wonderful place to be, or is it dark and hostile? Are you generally at peace with your mind, or are you depressed and fatigued? Are you happy with the work you do in the world, or is this a source of difficulty and frustration? Do you feel that you have a healthy balance in all aspects of your life, or do you often feel that your life is out of control?

With “**Enjoying Peace and Balance**” you will identify areas of your life that are out of balance and be given the tools and resources you need to bring everything back into balance. There is a powerful relationship between peace and balance. Generally when things are in *balance* they are *peaceful*. Peace ultimately grows out of knowing and being secure in who we really are at the core. From there it is much easier to balance the major aspects of life and the many challenges that arise in them.

Attaining balance can be approached like any other area—with written goals, affirmations, specific plans, and learning to enlist the help of others. In “**Enjoying Peace and Balance**” you will be stimulated and guided in taking practical steps toward creating a wonderful balance in your life, even in the midst of challenging circumstances. You will find that it really *is* possible to nurture the spirit of peace and keep your life in balance. You will learn your true identity and embrace your own power as you create a beautiful, stress-free environment, enjoying a life filled with peace and balance.

Making a Difference and Leaving a Legacy

Have you ever asked yourself the questions, “Does what I do matter? What difference will I make? What will be my legacy?”

Whether you are cognizant of it or not, built into each of us is the desire to live a life that matters. And yet, the dilemma comes in knowing how to live a purposeful life—a life that matters. Granted it’s easier to go through life and essentially let life happen to us, but is this the most rewarding path? Probably not.

“**Making a Difference and Leaving a Legacy**” will help you get started on the journey to making a life that matters. You will discover new ways to think and act that will make a real difference in the world. You will relax into, yet be energized by identifying your areas of passion and bringing them into greater fruition.

You will find yourself empowered as you begin to exercise or improve on the very habits that successful people use. You will multiply your effectiveness by developing your team of mentors and supporters. More and more you will attract to yourself what you desire. Benefiting others will become second nature as you enjoy the journey of living a life that truly matters.

Fostering Personal and Planetary Sustainability

What are we leaving for those who come after us? The life we lead, the talents we have been given, and the material possessions we enjoy are all part of our stewardship and responsibility. The future is in our hands. It is ours to envision and create.

Where are the people who will take on the job of pulling together a new view of what is possible? If we can create the vision, we can certainly set the goals, create action plans, put together educational movements that will get others on board, and begin raising the money that will fund the kinds of places we would all love to live.

“Fostering Personal and Planetary Sustainability” will start you moving in the direction of re-inventing your way of living on the planet. You will get a clear picture of where your thoughts and actions are sustainable and healthy, and where you may want to make changes. You will feel satisfaction and peace, knowing you have a workable plan to enjoyably cooperate with nature. You will also gain the satisfaction of not only thinking about sustainability, but acting on it as well.

“Fostering Personal and Planetary Sustainability” will help you find real sustainability, which is based on finding balance. Learn to transform fear into a healthy sense of safety by taking care of yourself and your world, and learn to transform greed into a healthy recognition and use of local and global resources for improving our world. You will soon find that fostering personal and planetary sustainability is an automatic and joyful part of your life.

Harnessing Your Creative Mind Power

What would you like to create or re-create in your life? A new career? A better body? A new skill? Adventure? Romance? Time for travel? Do you dream of having freedom? New friends?

“Harnessing Your Creative Mind Power” is a guide to understanding and utilizing the incredible power of your mind. One of those powers is to create the life of your dreams. This unique book deals with both the conscious part of the mind and the aspect of the mind that is not fully conscious and yet is vital to our guidance. The latter feeds or bypasses things into our consciousness or directly into our behavior patterns. These subtle messages can be a great aid in critical functions like goal setting, or they can undermine our choices. One key aspect of the super-conscious mind is the *Law of Attraction*. This law says that we attract to ourselves, knowingly or not, those things we most put our attention on.

“Harnessing Your Creative Mind Power” includes examples and numerous tools for activating your creative powers and directing them toward the goals you choose. It is the creative power of your mind that will guide you to create and fulfill a grander vision and set of goals than you ever thought possible.

It includes guidance on tapping into your creative powers, as well as many practical and detailed steps to implementing your dreams. Here is a complete guide to the best of life and greatest of accomplishments—from conception to fulfillment.

Whatever ultimate destiny means to you, we have created programs and services that will help you discover your dreams, realize more of your potential and know how to manifest your ultimate destiny!
