

## A Message from Charles

Has your life ever felt like a twisted (or perhaps even broken) Rubik's Cube? My life certainly has. Sometimes, even after years of study and work on myself, I would let myself fall into the pit of discouragement, and I'd feel depressed, or overwhelmed. Then, somehow, I would again remember that I am a creative genius and the architect of my destiny. I would practice the principles of successful living and would once again enjoy alignment with Universal Laws. I would remember to believe in me and in the Creative Process.

As I shared the stories of my ups and downs with my coaches and Mastermind group, we discovered that all of us had experienced the same process in our lives. There had come a

point in time when each of us wanted to grow personally, developing in many directions in order to realize more of our potential, find and fulfill our life's purpose, and learn how to manifest our ultimate destinies.

***“Ultimate destiny ?”*** we asked ourselves. “What does that really mean? What does it entail?”

We began the search for answers by getting out a flip chart and creating some quizzes. We put those quizzes on the Internet and asked people to answer the questions they presented. As we reviewed the input from the public, we again got out the flip chart and brainstormed the concept of Ultimate Destiny. We listed the 12 areas or facets of ultimate success in life that had been identified in the answers from the quizzes. We also looked at examples of individuals who had been recognized for living their Ultimate Destiny and helping others to fulfill theirs.

These areas were:

Realizing Personal Growth and Actualizing Potential

Attaining Financial Freedom

Enjoying Loving Relationships

Enjoying Optimal Health

Raising Your Consciousness

Living in Peace, Joy, and Balance

Fulfilling Your Life Purpose

Achieving Ultimate Success in Business or Career

Attaining Spiritual Enlightenment

Fostering Global Sustainability

Harnessing Your Creative Power

Making a Difference, Leaving a Legacy

As we began exploring and experimenting with these facets of successful living, looking for ways that we and others could begin fulfilling our Ultimate Destiny, we began to see that it was like the picture on the cover of a puzzle box, and we created the ***Ultimate Destiny Success Puzzle***.

We developed the concept and outline for a series of books on how to ***Discover and Manifest Your Ultimate Destiny***. We created the ***Ultimate Destiny Hall of Fame Award*** to recognize individuals who are living their Ultimate Destiny while helping others manifest their own. Next, we started conducting research on the best tested and proven resources for achieving success in each area.

We started writing short articles and quizzes for each of the 12 areas that lead to fulfilling one's Ultimate Destiny. We also included self-assessment quizzes, application exercises, implementation methods, strategies and systems designed to help anyone interested in realizing their ultimate success to be able to do so in the shortest amount of time and with the lowest investment of money.

After months of research and development, testing and refining, we are now ready to share what we've learned with others like you who want to Realize More of Your Potential; Attain Financial Freedom; Enjoy Loving Relationships; Enjoy Optimal Health; Raise Your Level of Consciousness; Live in Peace and Balance; Fulfill Your Life Purpose; Achieve Ultimate Success in Business or Career; Attain Spiritual Enlightenment; Foster Personal and Global Sustainability;

Harness Your Creative Power; and Make a Difference and Leave A Legacy.
