

Composite Responses to the Sedona Collaborative Enterprises Success Puzzle

There are six primary aspects or “puzzle pieces” in the Sedona Collaborative Enterprises Ultimate Success Puzzle. Each of these six primary aspects of the vision of how to establish a mutually beneficial strategic alliance is presented in more detail on the web site at www.sedonacollaborativeenterprises.com and the Success Puzzle PDF. Participants used this page to indicate the extent to which they are personally interested in each facet of the puzzle. The process is to review the six areas and put a number to indicate which are most important to you from 1 Low to 10 High. Please let us know if you are willing to serve on a planning or coordinating committee, by placing a Y for Yes, N for N and a ? for Maybe in each cell of the table. **Thank you!**
