**Genii Townsend with Guide Atherian**

G: As I find myself somewhere in time on a Saturday morning at Questhaven sanctuary, I have been guided to tune within for an important message on the subject of disclosure and revelation. I am assuming it is on the subject of the City of Light Sedona.

"What am I to be made aware of as I tone God's Love Song, 'AH'?"

A: "For some years of your time, you have allowed your inner guidance to be the lead in your everyday experience of your Earth travels. However, this day begins yet a new adventure saturated in Light and love. You have had a taste of love here and there so this is familiar and for the most part, deep and enjoyable.

"The first City of Light is now so called the disclosure that many Lightworkers seek to have done for their E.T. friends and space mentors such as yours with YA. Those of space technology now being applied, make the old become obsolete as new processes take the place of the old, due to their efforts.

"This indeed is exciting for those in the unseen, as this has been sought for eons of time and it takes something from God of this magnitude to get the attention in love and not fear for your human understanding.

**"Record this...THE CITY OF LIGHT SEDONA is the DISCLOSURE and the REVELATION predicted so long ago as the message is sent around the planet. All is in readiness now for its appearance. Upon returning home from this current trip, expect the expected to become visible and heralded as the energy fields of God prepare its existence in the 3<sup>rd</sup> dimension at any time.**

"Many will be quite surprised as this holy vision becomes media headlines. It has been a long trip of faith for you, the Genii, but your belief and conviction that something was coming forth including this answer to when, now becomes the when as the vision appears like magic.

"Permit nothing to alter your belief, for you are about to see this dream actually come true. The Lightworkers want a disclosure and they shall have it, through the City of Light. The God mentor Hermes, is ready to lift the veil and nothing will be the same again as it was before."

"This, dear one, is the disclosure for even you to know that the revelation proclaimed so many years ago, is ready to begin a public appearance. **Something's Coming becomes Something is Now Here**, so no one can deny it. Rest, be open, and enjoy these thoughts of wonder as Disclosure becomes Revelation as the long sought out energy appears as promised.

**"So Light and love it be!"**

## Of E.T. Disclosure and Galactic Determination of Peace!

### Embassy Visit June 25, 2011

As I entered into inner vision, I saw a sign that read "Embassy this way! You are welcome!" What, no Gate to go through? No fun trolley ride? Nope. Just me and my Guide La-Luke walking into this major arena-style building ...The Embassy of Peace Headquarters. Hundreds of Light Beings (E.T.'s) filled up the hundreds of seats all faintly seen. All were standing as we entered. This was quite a sight to see ... really looked like we were expected. Nice way to start this visit.

G: "Blessings to you all as all" I muttered in a loving response to them.

O: "And returned Oh Lady of Earth Light. We Lights of the Universal Federation stand in welcome as this space community is now open to share. What would you have enlightenment about on this visit?"

G: "You are all so loving. I feel friends here and I am honored. Would you tell me if there is to be a disclosure of your E.T. assistance and if so, how is this to be revealed to the public?"

O: "Indeed, we here in The City of Light have long since had recognition from one human Light or another. It is the intent that is important, and that we [as you call Light Beings] advance through recognition, and as your time moves forward in the illusion and the 11-11-11 scenario becomes the massive changeover, it would appear that we will be more accepted as friends rather than ones of doing harm.

"This of course is idiocy of human ignorant minds, looking for something to blame their nonsensical images on. It is almost one person at a time to recognize of the support you all have been given for eons of time. The leader of your country must be a spokesperson fully in the knowing. The timing must be correct!"

G: "How can I be of help?"

O: "Continue to see this as fact, not fiction, and the way will be shown. You are a Way-Shower and ready to do what has to be done in preparation."

G: "A master, I have been told, has said this is to be a Golden Galaxy. What would be the meaning of this statement?"

O: "Big changes now in process enlighten all, one way or another. Your openness of continuation helps make this a possibility for all people and Light Beings etc. to live in, with such peace never experienced before. You are all being brought into the Cosmic fold so to speak. Such is all on the agenda in the Big Changeover in your time slot of the energy fields of this current year. Mark these words well...as said. This year will introduce so much high velocity of love and Light that people will change before your eyes.

"Your personal system has been doing a changeover in the Light Body as you are well aware of, and tolerate the best you can balancing this world and the one you are in daily. Your aura extends and those close to you sense the frequency which by really doing nothing even, makes them change as well, ready or not. Love is where you come from and nothing other is tolerated. You do normal things daily but normal you are not, nor will you ever be again; for the lifting of your vibrations will continue until you are pure Light in human form. This Dear One is your path of Enlightenment City Connection."

G: "I have a friend here in Sedona who lives in a home of domes. Which she feels is 5th dimension connected. What can be said of this?"

O: "Portals are not only outside in the grounds and rocks, they are also inside as well. You have seen a portal open with dancing see-through children in your own backyard. She senses correctly for the levels of the unseen have been there for some time. Have you not been invited to bring a City gathering there? Of course! Quite natural then, do that for it has energy with advantages yet to be known, with those who attend and the Light lifts all who enter. This is good!

"Let all know that you all are on the fast track these days, and connection to the upper and underground is available as well. Ah yes, much is to be uncovered and discovered in the revelations to come about piece by piece, for peace of all."

G: "What does it mean to be a Complete Galactic Human as I have read is in the offing? I have never heard that before?"

O: "Again your process is in this area. You the Genii look human and are, but feel different that which could make for some confusion as you progress forward. Be of peace. All is well. You are sort of shape shifting. The City is your thrusting and trusting mission, and the changes come in your being able to do the magic the Genie is noted for, as well as the Jedi of service.

"The City comes forth and all is in galactic intent of service to your Earth people. It will take something massive like this City to evolve the human species into communication to other cosmic communities, as the Galactic Federation has achieved in other areas. Now it is your planet's turn to be galactic-lifted. Rejoice!"

G: "What is to take place when as said, there will be no more duality here?"

O: "Many surprises. Many gifts as the 'old' releases itself into the 'newness of oneness.' Vast opportunities change with the love as it moves into balance and with love as the leader and City to prove its position.

"Ah...we sense the Genii's energy fields are weakening so we suggest that you leave us as we release you to your human world and we do so lovingly and with a promise of great tomorrows.

**We bid you the Light of the eternal day in love and in peace"**

## Of Disclosure and Speaking Space!

### Embassy Visit July 28, 2011

As I entered into The City of Light mentally, the vision began with great huge doors opening that I had not seen before. My Guide and I seemed to be entering from a side entrance rather than the usual (what, no Gate or trolley ride?) Things move very fast here. We were then led by a Light Being into the great sanctuary with OOO-LON standing behind this horseshoe-style table.

In this magnificent hall, universal beings were again in attendance and as a tone sounded, they all sat down, even us. A thought crossed my mind that if I was to speak to the United Nations Earth group, this would be the place for them to see. No words I could utter would then make any impression. It just was so!

Note: Right now I was experiencing a 'Power surge' like an overheated feminine hot flash. Thanks to Archangel Michael's explanation of what that is all about, I guess I was on schedule. So then ... what was next?

O: "The welcome mat is again out for this Lady and Guide. We assume you have questions to be answered ... so be it."

G: "Thank you."

"Number one... More and more changes are taking place and that brings me back here to sort out what is going on, so to speak. Other Lightworkers also bring in valuable information, so questions come to my mind of the validity of what is being said, before I pass information on to others of what is going to take place, and I honor each one who expresses what they receive as well.

"One bit of information says a man in the Presidential White House here has spoken of a disclosure of E.T's on 12/27/2011, preceded by a craft landing in sight in a Florida stadium on 12/21/2011. What can be said of this announcement?"

O: "Mighty are the forces of neighboring universes that can bring forth such a phenomenon. This Dear One would only take place if all were in the projected time line of disclosure, and its effect on The City of Light appearance.

"Disclosure has been on many minds of late and the propensities of its happening draws crowds of interest. We say yes, there will be a disclosure, but no particular date as the energy patterns fluctuate dramatically as the entrance of The City of Light frequencies interrupt the normal flow you are used to daily. Dates could be tomorrow or six months ahead.

"Exciting isn't it! You are able to meet a Being from Space on your home-level setting as well as here. You have seen one in a movie of a lost entity trying to get back home. The timing of such an event could be right on target or a bit off. Only time will tell as it has itself on the fast track now and with The City as its center point of entrancing and its own point of disclosure.

"You are a forerunner as you spread the word of THE COMING. We are like the producers of a stage setting so to speak, of the greatest show on Earth which will not only appear, but produce healing as well. Let it be said that indeed there will be a disclosure at the perfect time as this will affect millions of people's reactions. Enough said?"

G: "Let's see, what is my next question?"

Number Two... Will the door open for me to talk with the President regarding The City? How does this disclosure fall into this category?"

O: "Quite nicely. The program (speaking in your theatrical vernacular) has many players, and during this cleansing of the planet he has his hands full at the moment, before an alien disclosure takes place. And don't count out the 11-11-11 scenario of the 11-11-11 Love Wave scenario. The energy upheaval now is clearing out old debris so the energy of love can fill in that space.

"It is what you would call act #1, #2 and #3. Calming the emptiness of old ways needs the healing excitement of the new. Which comes first? Time will show. So Dear One, just be open to receive your guidance and we realize this is a watch and wait answer ...but quite timely. Next?"

G: "Number Three... I have friends near-by who own what is called a Dome Home as the roof domes look to me like colored Easter eggs and the home is quite famous for its décor and energy attached. I have spoken of The City there and am invited to return. Now in conversation she told that a master painter is repainting the dome roofs and adding symbolic symbols to them in the designs like crop circles.

"As we sat and spoke of this, from within I received the message that the symbols are 'SKY MAPS' to help hone in The City of Light and that this artist was given these symbols as one of his projects as it matches the original Sky Map of intention! What can be said of this?"

O: "Correct in your inner sensing. To bring anything from outer space, maps of many kinds are used for the vastness is unimaginable. The drivers of space vehicles have a mental visual imprint of where they are going, lest they end up in some other universe. There are many (universes) as well as vibrational patterns such as you are speaking of from your dimension.

"You use a device in your cars to get you to one place. We do have vast technology true, but the 3D patterns of your planet are used to assist and these (Sky Maps) spoken of are designed to do just that.

"They are guide-line signals as the symbols hold vibrational energy, whose signals are sent out into the airwaves. We understand that you have a small lake called Stoneman, which as you know is a portal with underground laboratories, with crystals honing in the space vehicles as directed. We play not games here. All is divinely directed into place.

"The underground in the Sedona area is filled with portals of all kinds. It has a catacomb of passages leading here and there and you have one in your home yard as you know. It would be simply like a sponge with holes where the energy pulls the unseen into action. We try many ways to help your understanding. Overhead and underneath are connected and you people walk and live in between like a sandwich.

"Does this give you any idea of what is taking place?" I nodded my head yes...  
"Your Earth world is so much more than what appears on the surface and as you just read in Archangel Michael's message with these changes and why you are experiencing Power Surges physically.

"So then take this information and sort out what it all means, as this visit has been quite informative and we are pleased to be able to express in your language.

"Return home now and we shall speak again. We bid you the Light of the eternal day in peace and in love."

**So Light it be!**

**Thanks God ... Been a good trip!**

## Think of the Possibilities!

### Embassy Visit January 17, 2012

With gentle music playing in my room I prepared to blast off from Sedona and land at the Embassy in The City of Light. No car ... no plane ... or even a spacecraft needed. Just being open to inner vision and sound. Ah! ... advanced technology and being a trans-audio person does help.

I found myself and a few others at a Gate of Entry where I joined my City Guide La-Luke. He grabbed my hand and we ran through the Park and jumped onto the bouncy trolley, ending up standing in front of hundreds of extraterrestrials, which was a good place to be as this was the purpose of the visit!

As I looked over the vast audience of faintly-seen space friends once more, I felt the sensation of overpowering love, not unlike an electric sensation but calmer. How lucky could this girl be?

Standing in front of OOO-LON we were beckoned to be seated. With all of this electricity around I wondered what I came to ask about?

O: "We sense questions. What is your pleasure?"

(Well I must have one if he senses it,) Oh yes...

G: "I am aware that The City of Light had landed on Christmas Eve 2011 and as I share with others in my 3D world, I hear much being said about an E.T. disclosure. What can be said?"

O: "Oh yes, your world is once again bringing us to the attention of disclosure. This has been so for many reasons, and as seasons come and go and the energy lifts more, it is eluded to in depth. The wanting of a disclosure of this and that, comes forth on a continual basis and even a bit more so now that the energy shift is in process. We are well aware of the constant bombardment of questions.

"We have entered your planet say, many moons ago, and we work to fulfill our part in the revelation and the constant bombardment. (As this was said, it must have been reported to the audience as laughter was heard.) To see or not to see, that has always been the question. The Genii is well aware we are as close as her breath and at this point like The City, we too are here. It is a combined Light package."

G: "I have dear friends nearby that have a spectacular home called Xanadu that consists of 10 brightly-colored dome shapes that could be looked at as something from space."

O: "We are aware!"

G: "One of the most auspicious attention-getters is National Geographic magazine and film, and they are interested in filming an exposé on E.T.'s and UFOs and I know not what else."

O: "We are aware!"

G: "They have noticed my City book so it could be involved, or even me to answer some questions. What am I to be aware of as they are looking for YOU!"

O: "And the puzzle continues. Dear One, this type of investigation has been going on for centuries and now as the energy level rises, so do sightings and The City now becomes part of this. This is not bad ... quite the contrary ... for you have evidence of such a happening.

"Should you be asked to participate in any way, be open to us within with guidance and we will advise you what steps to take. Ah, we sense you have a fun feeling with this, right?"

G: "Yes, after all these years of contact with you all and learning a bit of speaking space, I think it will be fun to see what can come of a film or whatever as The City takes its turn to be revealed."

O: "Both will coincide and put your people in a state of 'Oh my god!' When we reveal ourselves it will be at a precise moment that would be valuable and not a moment before. As you say it is all show biz. For this moment, play along and be open to invites, writings etc. that we will send to the world and to you. The prestigious Galactic Federation is well aware of all and any E.T. interest that comes to the surface to be recognized.

"As the higher power builds, before you stands The City of Light untarnished and brought forth with the galactic cosmic approval. All is well and very well. You speak space every time we meet. Your dedication is and has been a part of the revelation that not only The City exists, but we too. All is just a big package of love as was reported, as the Christmas gift carefully laid on your planet.

"The days and weeks ahead will be quite fulfilling as your awareness grows and reports come forth to share. Time accelerates and The City as well as the Earth density comes into play. Rest in this and we will attend to the details, be it a City appearance or one of us from a Universe filled with love to share. All is on course...of course. Now return to your home and travel forward for much excitement is just waiting, even with fun attached. Be Jedi for that means 'love be with you.'"

And just that fast all disappeared and I was home just as the Lights of the Round Table began their City toning power.

**So Light it be!**

## At Ground Level

### Embassy Visit #2 January 26, 2012

After the above message came through, I was invited back to the Embassy so I re-entered with an open mind and a loving heart to see what was going on.

Quickly through envision, I saw OOO-LON as I was expected.

O: "Again we meet. You are welcome. The message just given you leaves no doubt in your mind that The City has arrived. Right?"

G: "It was a strong energy that I experienced - wow!"

O: "Quite so, leaving no doubt that we continue to express the action of The City, in process of development of its appearance at ground level. Does this please you?"

G: "The question is, where at ground level can it be seen eventually?"

O: "Now telling you would take away the delight that suddenly you will begin to see the faint formation with your own eyes. So patience is desired here. Add the recap from your book of why the Sedona area is the galactic location, so that a better understanding of why this particular area is designated for the first of several locations as a prototype, will be understood."

G: "Tell me please, will there be a disclosure of Extraterrestrials before The City manifests?"

O: "Yes, this is an important ingredient in the overall picture developing now. And to answer your next unsaid question, you will meet the President before The City appearance."

G: "Nothing has opened in that department as yet."

O: "Oh ye of little faith, is a saying you have. Be patient, be open, and permit God to Light your way and It will. Now then remember you are moving forward step by step and each one is important and your divine design has taken an upswing in activation. So then we will converse again soon. Send out the message that The City of Light is at ground level and preparing its contents to be revealed."

With this the vision ended and I was back at Quest Haven, and as I glanced up a big bob cat was also enjoying this location.

**So Light it be!**

## **Disclosure: The Welcome Mat is Out!**

### **Embassy Visit March 22, 2012**

As the sun rose over the red rocks and all the snow had disappeared, a new day had begun in Sedona. I looked to re-enter the Embassy of Peace in The City of Light.

In deep meditational vision I found myself back at the very familiar Gate of Entrance, one of several. My Guide La-Luke waved me through throngs of people who were parting as we made contact.

Once inside the Embassy with its hundreds of extraterrestrial Light Beings, I was quite comfortable having been here many times. OOO-LON the head leader acknowledged us by standing and we began our conversation.

G: "Good morning, thank you for having us again."

O: "Looks like the Lady of Light is excited about something."

G: "I don't know why I should be as I meet space beings right here, but as I was about to fall asleep last night I saw in the clear sky, bright lights that were too big to be stars. Spacecraft?"

O: "Of course. The Sedona area is quite active now as The City makes its appearance. Craft vehicles move easily in the night, for this demonstration takes many away from their homes to far-away places to intermix with the unseen you are about to experience."

G: "Here in The City I meet many (space beings) and some are my mentors as you know. Why is there not yet a disclosure for sure that they are here? What is the hold-up?"

O: "There will be (disclosure). Your planet people have such mixed feelings, from deep fear to disbelief, that the right timing is important - but rest easy ... it will be."

G: "What can I share?"

O: "The City of Light is doing well, as pieces of the intergalactic process continue to ignite frequencies of wholeness and oneness that The City represents. Love should not have to be forced on anyone and we come from that galaxy that only knows love, and that comes with this package called The City of Light Sedona entry. You are all into time-mindedness and that makes the interest of time important for many reasons, even if time as such does not exist.

"The messengers of many galactic space communities verify that all is on the non-time schedule. Remember Genii, you have been recording these visits for mankind to know what has taken place, long before The City made its appearance, lo these many years.

"This is good. Now as your planet is cleansing up what is un-love, we on the other hand give possibilities of a new world quite near with the probabilities of great new connections with us from space.

"You have asked about disclosure. Those who believe and those who do not, will have quite a time when all this is revealed. We attempt to make it easy, but cannot predict at this point what the response of such a message will be. However rest easy, all is known in a divine connection. From our place in space to your space in place, God makes all things clear. Anything else?"

G: "I feel so blessed and excited as I look ahead, even for a few short weeks to the probabilities and the near future is already here. Many Lightworkers who have patiently waited having seen Cities of Light for centuries overhead or someplace in space, and now we are sitting in the birthing nest. What more can I do?"

O: "And helping you, all are. Keep open for more travel and meetings unlisted, at this point both in the physical, and like this moment in the non-physical. The news you bring that 'Something is Coming' is quite correct, and ready-or-not peace on Earth will take the place of the turmoil now in the news. It is spring house-keeping for the Genii, and spring house-cleaning for this planet in general. Come back soon ... we await another type of disclosure to share with you.

"Your new advanced book 'UNIVERSAL CITIES of LIGHT' will out-sell the others, for it is disclosure for all mankind, written in love and advancement. See it soon-completed and come back soon. We await your entry. God be with you!"

And with this ... before I could blink...I was back in my room, watching a big yellow passenger balloon come down in someone's yard nearby.

**Must be just another day in mystic Sedona.**

## Out of Time!

### Embassy Visit April 21, 2012

Spring has come to Sedona and the colorful flowers peeking out, are deliciously beautiful to the underground demolition squad of gophers looking to have the family over for dinner with an open invitation.

My invitation was to return to The City of Light and the Embassy of Peace auditorium where hundreds of the undisclosed beings from spaces and places we know not of, gathered while setting the course for the grand opening of The City of Light and their disclosure of being here long since.

### Inner Scene begins...

The usual south Gate came into mental inner view and looked crowded as usual. People really wanted to see what was inside this main attraction (never before witnessed on this planet.) I wanted to see and hear what the population would say about this when they saw it. Woopie ... Something's Coming!

My Guide La-Luke grabbed my hand and we headed for the funny trolley in excitement of just being here. It seemed like home to me after all these years of entering. A swift ride and a jumping off at the Embassy, fulfilled all my expectations with many more to come. Was I lucky or what?

There seemed to be no time here when we entered through the backstage drapes of gold onto the stage where OOO-LON and four others led the meetings with space tones I was not understanding ...yet! (Well, I *am* Jedi material).

O: "Welcome to us of Inner Light of Universal Friends. Please be seated with us here on this platform as we direct the proceedings."

G: "Thank you. It feels good to be back in voice connect. Kind of like coming home."

"What can be shared with those of contact through my information internet mail-outs? They want to know when of course this demonstration will be made publicly seen, and also when will those here be seen. Will there be an announcement (a disclosure) made public?"

"Seems like a waste of energy or something just waiting for this to take place, as so many of us know we walk with the space entities now and have been for a very long time."

O: "Hungry for information are you? We here in this place of peace and honor, are pleased to share with you and the readers of contact you supply. News about The City of course is the prime reason for even this visit, true?"

G: "Yes. What can be said of its appearance? In our world I hear it is taking a long time and also of the E.T's announcement. You are all making a miracle come to pass. How many will delight to know miracles do exist?"

"This is proof positive. No one can be in denial of what is right before their eyes. Proof positive that God exists, and with a wave of intent here it is. We have the Rainbow Connection as my puppet friend Kermit the frog sings about."

A smiling OOO-LON continued: "Even frogs know the truth it seems. Many times the question of when has ridden out of the mental wonder. This year? This day? This moment? Taking time out of the equation, what do you have? Ahhh... NOW! That old word is really misunderstood.

"There is no time in the Universe! This is a mental impression that sets the minds into a different way of thinking. One of Your planet locations has one hour or more than your time zone may not have. You made it all up for convenience or... not.

"How long does it take for you to make a puppet from idea to stage performance? Hard to answer for time is only a part of this equation unless an appointment must be met, then you may be 'out of time.'

"You are always 'out of time' as there is none. People say this all the time, 'Oh dear, I am out of time, must rush to finish'...whatever.

"The collapse of time is in The City's favor while the cleansing of your planet continues to clean up what has been described as darkness or ignorance due to the greed of those who serve themselves, and their destructive thoughts to discontinue the lives of others. Destruction is apparent as the media pronounces, and as the old moves into the new; time is collapsing to bring Light and love into being, and Dear One, The City will do that ... BIG TIME.

"So then from the Genii's point of view, it is done, finished and NOW appearing as she walks The City grounds and looks forward in local time and (again this time zone thought is hard to get past.) 'SOON' is the closest we can give you for it is 'NOW!' Behind the scenes many high level spirit Light reporters keep the clearing in process and they are to be blessed.

"To fill in the blanks of The City process, it has been moving into your time zone as vibrational energy to form what you are seeing in these visits which is a preview of that which is for coming attractions. In the NO time zone you should be aware it is IMMEDIATE! We endeavor to explain the unexplainable through these words of your understanding.

"You have been guided to bring forth with the help of Light supporters a new edition of The City of Light titled, 'SOMETHING'S COMING! CITIES OF LIGHT' Ah ... expansion in sight! Imagine that and the first one is not seen yet. Time collapses and the world of Earth illusion moves forward in no time.

"And your planet will question where? and when? Sound familiar? Meanwhile back to the time zones. Which we understand is the human programming, but it too will change ... Imagine that!

"As your world cleanses of the vermin that has taken advantage of others, the Light is saturating and penetrating your planet on a continual basis, as it can do no other. Take away the darkness and you have Light. As you say, 'Whoopie!'

"And Light we all are here, and like millions of others, we are replacing the old thinking with new Light space technology, making room for new possibilities. Soon you will have small but mighty electrical devices that are changing so fast even you are disconnected somewhat, so be not concerned. You are doing your part with this City information. Rest easy as we complete our timely task to serve all in and out of the 'time zone' order of things.

"So then take this message and share. Bless all the unseen Lightworkers as well as the seen ones, and we look forward to your next Alien Encounter here."

And with that a hum tone ran through the audience as I connected with their 'ah tone' once more.

Back home enticed by Light Spirit my Pomeranian puppy, who was always on a lookout for sustenance in cookie form, I looked forward to The City in the Now!

**NOW!**

**So Light it be!**

## Playing the Waiting Game!

### Embassy Visit May 29, 2012

This early morning seemed to be an invited chance for leaving the outside world to go within The City of Light and meet with the Light Beings from space, and I might say this was quite an honor. While Earth people were waiting for a disclosure that friendly extraterrestrials exist ... I got to meet them by the hundreds, and thus I was honored to have some be my mentors like OOO-LON and YA-FU-FUS, to mention a couple.

Inner scene began...

If one were in a plane flying over The City, one would see hundreds of people waiting to enter (a bit like Disneyland on an everyday busy day). The inner tension would be very noticeable as the excitement built with this amazing-beyond-belief place of healing, that must have fallen out of the sky, and no one had to build it with the usual paper plans and cement.

How long ago were the words said about a Second Coming? Could this be it? Could it be the Christ or Buddha or whoever, that brought this miracle? How could this demonstration be here that has attracted so many people?

**Something's Coming? No. It is here and now!**

Looking for my Guide La-Luke I saw him way up front waving to me, and I slid past many and joined him. We were off through the Relaxation Park and onto the funny trolley, then into the door of the Embassy where who knows what would take place! The inside scene was set with a few hundred space beings in the audience and OOO-LON and his companions were in a welcome posture. We were acknowledged as a hush came over the audience.

O: "Welcome back to our place of peace and love. How may we be of service?"

G: "I am not sure, another visit was felt from within as I funnel information out to the public. What can be shared with me? How is this City coming for demonstration time?"

O: "The waiting seems long does it not?"

G: "Yes as a matter of fact. I have been with this City for about 30 years and I am as excited as all the rest to see this in the physical third dimension."

O: "You don't remember do you being in 'no time' as you once were? The City progresses to the point of attaching its inner workings to be put into the final checking and to be a vision worth the centuries of efforts attached. Making an appearance so long ago announced, must be worthy of God's divine timing, like a magician pulling an unseen rabbit out of an empty hat thus astonishing the audience. This City is the bunny, the hat is your dimension, and the magician is the I AM ... GOD demonstrating thus, astonishing the audience.

"How many you call 'man hours' has it taken to bring this demonstration forth? ... Centuries, and while this first prototype births already on the Earth grid, more of the same are being prepared likewise around your planet. Is this not astonishing! Everyone can be healed. It has taken divine timing and collective energies to accomplish this fact, with much dedication...much!

"In the meantime one more City book is to be published a.s.a.p. which continues to fill in the blanks with more information as you have traveled to this Embassy place of peace from 2009-2012. This is as good as a finished project, for it has much value with all the visits here recorded, not only a few as in the first issue. And it does connect with The City Earth appearance. Soon people will be able to enter here like you have described but on the physical level, thus a real disclosure of an E.T. audience. Imagine that! Space entities that are not here to conquer anyone, just coming in love with a City of Light. As said, 'What is to conquer?' What have you done with your planet?"

G: "And what about President Obama and a meeting?"

O: "This President is unaware of his coding of The City in his DNA, and is the perfect leader as The City demonstrates. You will have a meeting location connection, so put any concern to rest and await the sign."

G: "Anything else for public sharing?"

O: "That this birth is well worth waiting for, and that upon a special morning it will be seen as the sun rises. This meeting here today is a validation once more of The City appearance. You humans need to be constantly updated and downloaded to keep the mind open to receive. Be easy with this, all is in divine order.

"Request the 4 Keys Light Links to keep The City and space connection active as this is an important area that all can do in support. The quiet time between what has been said, to the 'NOW ' demonstration is at hand, since The City of Healing Light set down on Earth this past Christmas Eve. Sound like connections? And with the UPPC'S support all is well and in Divine order. As for your guidance, oh speaker of coming events ... trip travel, connections and announcements are important, for you carry the seed of The City in your DNA just like the President.

"Amazing isn't it? Rest is important as your physical chemical change lifts you in parallel of The City, and as your planet shifts itself from the darkness of ignorance and greed, you shift with The City so a balancing act may be experienced.

"Bless those who have not seen the Light for it reveals itself ... ready or not. Go where guided and be open, ready for The City birth that could be sooner than later. Remember...BY PLAYING THE WAITING GAME ... YOU ALL WIN!"

## **Return to the Embassy of Peace in the City of Light**

**November 17, 2012**

### **RETURN TO THE EMBASSY...**

"A new entrance you will make as the world tunes into the Cities of Light as a near and dear probability. The entities of Light in many dimensions plus their human counterparts as speakers, verify that what has been said so long ago, is now in action.

"Thus the first of the 13 Cities beyond the Sedona, (the Energy Mecca where you reside) circle the globe, awaiting their birth in due time, But the first is the Sedona City as a recognition of what this planet is heading for - TOTAL HEALING BY LIGHT. Imagine that! The shock wave will speed across your planet as more energies are put into repeats across the planet.

"Dear one, this is the Light of the future technology that those of other dimensions bring forth what has been secret for centuries. You have all been living still in the energy of the dinosaurs. Time for massive change.

"The appearance of the Sedona City of Light brings forth disclosure after disclosure as nothing can compare with what we speak of here ... nothing! Darkness will have no place to hide.

"Australia will be the first of the next 13 Cities with the United Kingdom and China coming as well as the rest. A beginning to be sure and these are exciting beginnings of the rest. As people are open to receive, they will begin to feel the frequencies as they move around the planet.

"So much going on behind the scenes so to speak, and things are in place for this healing of peace to take place, and it will. Your introduction to the Sedona prototype Light City with your book raises the consciousness and the energy that something very big is about to happen, and it is a part of history in the making.

"So then do return to the City Embassy of Peace and we shall continue to update what is not yet known. So love it be!"

G: "I will return to the Embassy gladly with love in my heart and an open mind to receive what is reported. Thank you."

## Experiencing the Deepness of Love!

### Embassy Visit November 18, 2012

I found myself back at a City Gate (in vision). Wow! Lordy, look at the amount of people. Hundreds of them waiting to enter! I wondered how I would, or if I would find my Guide La-Luke.

The City Gates are 5 stories high and a glance upward answered my question, as he was hanging out a window waving to me. Then, by some magic, I guess people around me just began moving a few steps away, and I moved through the Gate and there he was. I love this God-kind of wispy magic. This is God in action, and no one seems disturbed as the path just opens. (I must try this kind of magic at Disneyland.)

As I made my way through, there he was with arms extended. He grabbed my hand and into the Relaxation Park we went. We were heading for the funny trolleys that people get to ride on all over The City.

The Embassy of Peace loomed before us while other people on the trolley laughed that there was no driver and no wheels. Really, this City not only heals with Light, but is fun in the process. The trolley stopped as we jumped off and waved goodbye to the rest of the passengers, who could have cared less that we got off, as they had so much more to see.

We entered through the usual back stage entrance, and slipped through the curtains to see hundreds of blessed ET's from space locations applauding, and I was filled with tears of pure joy washing my face, as my Guide handed me a cloth. I was back "home" ... sort of. What in Earth had I done to receive such an honor? A chair was brought forth as I was feeling shaky with emotions and I gladly sat.

OOO-LON: "Welcome back. We are pleased you entertained our message to return."

G: "Oh my God, this is wonderful! I am so pleased to be back, not knowing why but certainly honored."

O: "You are quite welcome. Now that your City book of guidance is completed, we can move forward. The City has many attractions to assist in the healing of the body temple as well as the mind and spirit. You have been into many now recorded. Would you like to see more?"

G: "Of course. What may I know, especially as people's big question is, when will they see the City in 3D in full view? I have no answer for them yet."

O: "You are aware that The City is on Earth ground level ... correct?"

G: "Yes, as of last Christmas Eve, 12-24-2011. "

O: "It is not necessary at this point to answer the 'when' yet . Do you not sit in The City at this moment in time?"

G: "Yes, I see, feel and am definitely here. What is taking time to be seen physically, is also a wish for me to walk into the physical City with others who even now, hold the Light on this massive project."

O: "Do you remember seeing a building completed being lowered into place from an overhead spacecraft?"

G: "Yes, it was such a surprising sight."

O: "Now imagine many spacecraft doing the same thing. This massive building here is one of them, which as you can see houses extraterrestrials - Light Beings who have brought forth and continue to do so, the completeness of the God-intended venture with technology from way beyond your planet's scope. Is this not worth waiting for?"

G: "Of course. I have followed this path for 30 years since my husband brought through the plans in meditation sessions."

O: "And where did he get them from, now that you have walked through many?"

G: "From Master Hermes, who I understand was one of Dr. Bill's mentors that he just loved. And through him came the architectural drawings of the High Towers, plot plan, and Gate Towers that took Bill 3 years of drawing to do, and of thinking he was going crazy, but drew them anyway. He kept coming out of the guest room saying he was not going to draw them anymore, and would promptly be sent back in to continue, knowing full well he could not draw a straight line. It was quite a time of learning."

O: "Yes this is quite a Master, this Hermes who indeed brought forth the architectural drawings of the pyramid which housed the mystery school in its deep center, and did indeed work through the Dr. Bill for all to see in your City guide books. Now then, look to your left and meet this Light yourself."

From out of stage left came a Light so bright that I had to squint a bit, but I knew it was indeed Hermes. I pushed myself up out of the chair, and the Light engulfed me in such love, I felt I could disappear and that would be OK.

Here with this Light surrounding me, I was meeting this God-man who has led me unknowingly through Bill's writings. I was indeed blessed and could not speak. It was like all of God was holding me close and I was emotionally blessed. Either it is love or it isn't. This was beyond normal love.

I was profoundly emotionally blessed as tears of pure love, joy and beyond were experienced as though all the lovers of the Universe were loving me at the same time. Wow, what a sensation! There is much more to love than most of us know, as I have been blessed to experience it. I tried to get the words of thank you out but was too overcome to do so.

So many questions to ask but none were needed and no wonder. Bill followed this mentor's teachings. I will never look at the original drawings Hermes brought forth of the Gate Towers, and High Towers without being thrilled. I have the originals and they were reprinted in my City books with giving thanks.

Then, I heard Hermes say as I was enveloped in his Light, "You will have your City of Light. I, Hermes, promise this in God's Light, and I am here for you!" (Just typing this up, oops... I am again absorbed in this love I just spoke of. I sure hope it is catching. We could use lots of this across this planet.)

Somewhere in my soul, mind, and body, I know this is so and to say "thank you" simply was not enough. His Light surrounding me, I sat back on the chair and ... bingo, he was gone leaving me in a puddle of tears.

O: "Now how was that for a surprise? Obviously you are speechless. Do you remember when you went to the Court of the High Tribunal (in vision) and were crowned with the pearl of great price?"

G: "Of course, yes Bill was also crowned before I was. It was quite a gift."

O: "Have you not used your crown and scepter given to heal?"

G: "I usually don't talk about it except with The 4 keys sessions."

O: "You have given to many throughout many lifetimes and so you were led to the High Court. Your path is just beginning with the Cities of Light coming forth all over the planet. Go back to your world, for soon what you have sought for so long now, seeks you and millions of others and it is worth the waiting which is about over."

G: "Thank you all ... Good Lord, here come the tears again. I am in overwhelm as again this perfect love from the audience is felt. Can one get too much love?"

La-Luke lifted me from the chair and we departed, fully knowing that I will be back, and as Renee says, "Whoopie!"

Back now in my daily world in Thanksgiving week, I have so much to be thankful for as we all will, and it indeed is worth the wait. I so bless all the Light Beings from space, for all they are doing to make the wait worth the bringing forth.

Maybe the disclosure we are waiting for is the City of Light Sedona location - Number One on the agenda.

So love it be! Happy Thanksgiving!

## ***SOMETHING'S COMING! Universal Cities of Light, Love and Healing!*** **(Book description from Amazon.com by Catherine Rourke)**

**“Something’s Coming”**... and it’s good news for a change! In an era when many are focused on end-of-the-world doom and gloom, along comes an exciting book to uplift humanity, reminding us that we are not alone and that help is already on the way. As the world faces an unprecedented crossroads of transformation after millennia of honing this process, we have finally arrived and the Cities of Light are the resulting manifestation.

The first of book of its kind ever, *Something’s Coming* represents an invitation of expectancy prophesied centuries ago as the Second Coming. Author Genii Townsend, a trans-audio visionary, shares information kept secret for 25 years. Her “inner-vision trip” began in 1982 when her husband, Rev. William Townsend, Ph.D., a Religious Science minister, brought forth drawings of Cities of Light while in meditation. After his passing, Genii Townsend continued where he left off and the city visits are now recorded in this book.

No development on earth is more fascinating than the advent of the Cities of Light, and the discussion can be traced to the middle of the last century. What, exactly, is a City of Light?

Much like Atlantis, it is a port where the star brothers and sisters can come for exchange of cultural ideas, technology, art and healing. The book describes it as “the unfoldment of a very large universal plan. It is going beyond the universe to... an interdimensional portal of love where beings from everywhere can experience a community of love.”

The Cities of Light can be glimpsed with our physical eyes but are more apparent to our Third and Fourth Eyes. They are “crystal cities of the future, places of peace and harmony where love prevails.” As real places in the higher dimensions, people can “anchor new realities and new dimensional realities within the 3<sup>rd</sup> dimension” as an expanded experience. They are also for advanced healing through light, sound and color—“examples of what can be done by using our technologies for the good of all.”

The book describes the purpose and plans for a City of Light in Sedona, Arizona—a prototype for 13 more cities to appear around the planet “any day now.” Included are diagrams and descriptions of advanced technologies, prophecies, discussion of the need for spiritual awakening and enlightenment on earth, and details of the city’s amazing features.

Townsend writes: "After the City of Light appears overnight, it will be noted as a definite groundbreaking event never before witnessed as nothing like this exists now or has before. This is not a pie-in-the-sky fairy tale. It actually will be in 3D. You will be able to walk into it like any building we have now."

She paints a picture for readers of what it's like to enter such a place after over 100 visits she has made to the Embassy of Peace Headquarters within the City of Light.

"Imagine entering a place of such beauty that it makes you an instant believer that anything is possible, like entering a 5-story-high gate that is encoded with your personal beliefs that makes you feel like you just came home.

"Imagine experiencing healing techniques in light modules where no drugs, knives or needles can sever the body's electrical lines. A Memory Manor building where you can release past memory hurts with no emotion attached. A Fountain of Light that makes you feel physically and mentally great, and sitting on benches that massage the body. An Empowerment Emporium where you can balance your emotions. A "Birth-aterium" where babies are born laughing with the mother who had no anesthesia, no pain and the only crying is for the pure joy of the experience. A stadium-size building called The Embassy of Peace where "Light Beings gather to help bring forth peace on this earth."

In channelings through Genii and others, it has been said that "All of these changes await you and they are not too far in the future. Think positively about them and you will be helping to manifest them much sooner than we have allowed for.

"Thus the cities of light function to heal us and raise our vibrations and consciousness. They are delightful places to be, they are places where peace reigns already." They exist in the Fifth Dimension and higher and are destined to play a large role in the transfer of learning and technology for us in the new Golden Age.

Townsend writes: "Will it enhance peoples' lives? I think the common words will be 'OH MY GOD!' I ask you to hold the vision in your heart. Make no mistake; this planet will glow in love like never before."

The stage is ready, the scenes inside these pages invite you to witness what is coming about, and this is your invitation, page by page, before the magic happens. Get your copy and get ready for the greatest show on earth. This book will show you how you can enter the city portals and change your reality forever.

## **Advance Reviews of *Something's Coming!* *Universal Cities of Light, Love, and Healing!***

"I have closely followed the progress of the 'Cities of Light', and I have never known such an exciting prospect as their appearance which is soon expected. They will be amongst some of the spectacular early developments of the New Age. The prototype that is destined for Sedona has been regularly visited by Genii, and will be sensational for its wide and varied range of advanced technology, particularly where healing is concerned. You are unlikely to ever read another book of this nature that is a first-hand account by Genii of what to expect. Her style of writing takes you with her, and you can share her many heartfelt experiences. It is a unique book, about a unique experience that you will not want to miss." -- **Mike Quinsey** ([http://treeofthegoldenlight.com/First\\_Contact/Channeled\\_Messages\\_by\\_Mike\\_Quinsey.htm](http://treeofthegoldenlight.com/First_Contact/Channeled_Messages_by_Mike_Quinsey.htm))

"With *The City of Light Sedona*, *The 4 Keys to Light* and her new book, *Something's Coming*, Genii Townsend provides spiritual initiates with the ultimate users' manual and cosmic blueprint for tapping our greatest power as Light Technicians on the path to higher consciousness. Experiencing *The 4 Keys to Light* initiation with Genii in 2009 was one of the greatest gifts of a lifetime. Genii has channeled a virtual GPS system and high-speed connection to the Light Source, bestowing initiates with a true spiritual compass for navigating these transformational times and reinforcing our connection with Divine Intelligence. Just a few hours over the course of two days profoundly changed the course of my entire life in the most positive ways. I honestly can't imagine how I would have weathered the storms of the past few years without the tools and techniques I learned in the 4 Keys. Genii teaches us how to transmute negative energy and communicate more directly with our guides. It was after reading her book and attending her 4 Keys class that I began to hear messages and receive guidance from the higher dimensions with greater ease and clarity. I adapted tools and techniques that have become part of my spiritual practice, assisting me to connect with the Light on an everyday basis to grace the path. Both of Genii's books and *The 4 Keys of Light* will profoundly change the course of your life in the most amazing ways, as it did mine. Genii is an angel, prophet and master in our midst from whom we can learn true mastery, knowing, self-empowerment and a sacred re-connection with our higher forces." -- **Catherine J. Rourke**, Editor & Publisher, *The Sedona Observer* (<http://www.sedonaobserver.com>)

"Genii Townsend made a decision long ago to take things that don't turn out quite right and completely transform them. It's no wonder she was selected to meet with the galactics and introduce so many of us to the Cities of Light. All Lightworkers have a mission but Genii's has brought so many people excitement and delight. I personally can't wait to have a guided tour from her and a completely relaxing and restoring visit. Something's coming ... and Genii is our impresario and cherished guide for it." -- **Steve Beckow** (<http://goldenageofgaia.com> See *The Coming of the Cities of Light* page 418)

"Genii's first book, *The City of Light Sedona* was an amazing read and now what a treat it is to have Genii's newest book '*Something's Coming*'. This is a book that will surely be among the classics of the world! With over 130 new visits into the City of Light's Embassy of Peace, *Something's Coming* is packed full of inspiration, space technology and a clear vision of the greatest gift for humanity one could ever dream of! Once you start reading, you won't want to put it down! Is Genii going out on a limb? To be sure... And I'm right out there with her!!! As she walked inside our domes of light, here in Sedona, wearing sparkling clothes and immense light around her, I knew my wish to meet a real Genii had been answered! We immediately locked our mutual blue eyes and my life has never been the same. I feel so blessed to have had first-hand experience with Genii, and her '4 Keys to Light' Teachings. I am a 'Light Link' now, with not only direct, clear connection with my loving spiritual guides, who I call my divine team, I actually received their names! And with this heavenly gift, have seen myself in a City of Light! It was a thrill beyond words when Genii received word that the domes we live in are 5th dimensional, as well as Sky Maps for the Bringers of the City of Light. Genii is truly a walking testament of one who has the faith of Job, the strength of a Jedi and the balance of a tight rope walker!!! For me, she is the most amazing example of LOVE embodied on this planet!" -- **Nina Joy**, Author of *Fearless Birth & Beyond, Experiences of Joyous Conscious Birth* and Co-steward of <http://www.xanaduofsedona.com>

"Genii Townsend is a visionary. For over 25 years she has been bringing us the vision of the Sedona City of Light. Quantum physics teaches us that everything in this universe is comprised of energy at the level of the atom or smaller. Everything of matter first exists at the unseen level before it comes into existence at the level of our physical eyesight. The unseen level is the etheric, it is there at the level of the atoms that all existence takes place. Ancient cultures, all of the world's major religions, talk of a form of The City of Light, of a place in the future that is filled with love and healing grace. The Bible calls it The New Jerusalem. Genii has the gift to see the unseen, to see the etheric development, to see and visit The City of Light in the unseen world. Faith is the ability to see and believe in the unseen, no matter what critics or unbelievers may say. All of our major changes in our world have first started at the level of faith, to see the unseen and bring it into existence. She is our pioneer blazing the trail to bring us The City of Light. It is her resounding faith and belief that is creating the energy that is bringing forth this wonderful City. As we join her, we will add to the etheric energy that will bring The City into our physical existence. Do we know when this will happen? I don't. But I do understand that the etheric level has no sense of time - at that level time is non-existent. Therefore The City will come forth into our world when there is enough collective energy from the inhabitants of this Earth to bring it forward. But we need not despair as it is a very small percentage needed to bring forth such collective energy. I am joining Genii in believing for this wonderful future City. I choose to add my energy of belief to the larger collection. Come and join me as we together believe for this wonderful new future."

### Praise for *The City of Light Sedona*:

"Genii Townsend's book is a MUST read for every person who is wondering and praying about the conditions we are facing in our world. Are these the "End Times" of John's Prophetic "Book of Revelation?" Genii's book focuses on the positive side of the prophecy, wherein John declares that the "City of God, the New Jerusalem" will descend from the heavens, and herald in the age of peace. Genii is saying that she and her late husband have been privy to a great deal of information about this city. It is REAL. Its descent is imminent. John was entirely correct in his vision of the glory of this holy city. It has begun as an etheric creation, and is therefore invisible to human eyes, but it is soon to take on the visibility of the physical world, and will "appear" overnight. When it becomes known and visible, its presence will astound the world, for the glory of God will radiate from it. There has never been anything like this on earth, and it will change our reality forever. This book is 100% positive good news that God's work is alive and well on planet Earth after all, and an astounding goodness is about to happen right in the midst of the chaos of our times." **—Renee Trendera**
