## **THE UNITED STATES OF AMERICA**

**THE** Foundational Principles upon which we as a people and as citizens are **UNITED** are far more significant and meaningful than any personal, social, economic or political differences, beliefs, opinions, **STATES OF** mind, disagreements, or divergent perspectives. As Benjamin Franklin said, "The destiny of **AMERICA** is not power, it is Light", and the Statue of Liberty is named **LIBERTY, ENLIGHTENING THE WORLD!**

## **THE UNITED STATE OF AMERICANS**

(© 2010 Charles Betterton)

**Red, White, Black, Brown or Yellow,  
We are all evolving human beings.  
Rich, poor, perhaps even entrepreneur,  
We live and work in one global economy.**

**Christian, Jew, Buddhist, Hindu, Muslim or other,  
We are all spiritual beings having a human experience.  
North, South, East, or West, even in the Territories,  
We move through space together at thousands of miles per hour.**

**Democrats, Republicans, Independents, or neither,  
We are Americans first, living together in One nation.  
Let us stand together united and not let anything or anyone divide us  
As we remember our rich legacy and fulfill our ultimate destiny.**

### **A Declaration of Inner-Dependence and Inter-Dependence**

**Once again we hold these truths to be self-evident as we collectively remember, honor and fulfill the ultimate destiny entrusted to us as citizens of the United States of America, one nation under God. Our Founding Fathers and Mothers were inspired by Divine Inner guidance to establish the foundation upon which inner Wisdom and interdependence could help foster the pursuit, and the realization of Life, Liberty and Happiness for all.**

**Our ultimate destiny as citizens is to actualize our inherent potential, individually and collectively, to help empower, enlighten and evolve ourselves, our brothers and sisters and the global community we share that Bucky Fuller referred to as Spaceship Earth.**

**The ultimate destiny of the United States of America is to enlighten, empower and elevate our consciousness to the realization that we are one people, living in one global community, with only one future that we are destined to co-create together.**

# Strategic Implementation Matrix™ for Establishing A Network of Community Economic Development and Empowerment Resource Centers

The Centers would provide resources for self-help, empowerment and capacity building to enable individuals, organizations and communities to realize more of their potential and expand their capacity to help solve the global economic and environmental challenges. The outer boxes in BLUE represent 500,000 potential local sponsors. The 7 boxes in GREEN are potential funding sources. The 16 boxes in RED are the major topics for training and technical assistance that would be provided. The 8 boxes in GOLD are the core proposed initiatives that would facilitate the expanded acquisition and application of successful living skills.
