When I first learned about Clayton Nolte's Water Structuring Device on Adam Abraham's "Talk for Food" Internet Radio Show, I very much wanted to believe it did everything he said it would...but, frankly, it sounded w-a-a-ay too good to be true.

But because Adam Abraham had proven to be a reliable source for exceptional products and services that "under-promise and over-deliver," I was inclined to believe this amazing device was the "real deal." At any rate, I felt compelled to investigate it further.

We had already invested over \$8,000 in a sophisticated water filtration system for our well in 1989 that requires over \$1,000 worth of maintenance every year. And in 1992, we invested in a \$1,600 water ionizer (alkaline water machine) that required \$50 worth of new filters every 4-6 months. I never realized how expensive it was just to maintain these devices.

We even installed a reverse osmosis unit under our kitchen sink thinking it would greatly enhance our health. We used it for several years until I found out that RO water (reverse osmosis) is actually "dead water" that actually leaches minerals out of your body.

Although RO systems remove contamination, they also remove all the calcium, potassium, and magnesium your body desperately needs for countless vital functions. I was also shocked to discover that distilled water, although very pure, was also doing the same thing. Minerals are vital to your cells, and when you drink water void of all minerals (RO and/or distilled water), your cells will pull the minerals they need out of your bones and tissues.

When I had a bone scan recently, it showed I was an extremely "high risk" for osteoporosis, so the last thing I need is anything pulling minerals out of my bones. Needless to say, the RO device was removed and we no longer drink distilled water.

After investing over \$9,600 in water enhancement systems and nearly \$21,000 to maintain them, we still had a quality of water that was less than ideal even after spending a whopping \$31,600! And up until a month ago, we were still searching for solutions.

If We Only Knew Then What We Know Now

The whole house Structured Water unit we purchased for less than \$1,000 turned out to provide the best return on investment we have ever made in anything...ever!

Not only did it provide superior quality, life-enhancing “living water” from our kitchen sink, but from every water source inside and outside the entire house, the guest cottage, the studio, the stables, and every outbuilding on all three acres within 300’ of the installation!

I honestly feel as though I’m drinking and bathing in “Liquid God.” That’s probably because Clayton Nolte’s Structured Water produces bio-photons (light) and resonates at the same vibrational frequency as “Love” (528 HZ).

And since “God is Love” and 528 HZ is known as the “Miracle Frequency,” I was inspired to call Clayton’s awesome invention **God’s Miracle Water System™**.

If you have any questions or want to talk to me about it, just call me at (408) 353-2050 or email me at miracleshappen@15minutemiracle.com.

For product and price information, go to the last page. Most items are in stock and you can have them within 3-5 days if you live in the US.

And, by the way...all of Clayton’s products come with a **Lifetime Guarantee** plus a **Satisfaction Money-Back Guarantee**, so [there is never any financial risk on your part](#). If you are not absolutely thrilled with what you purchase, just let me know so we can arrange to send you a full refund immediately!

Below are just some of the positive differences my husband (Mr. Skeptical) and I have experienced since installing **God’s Miracle Water System™** on August 1, 2009. Everything you read below was experienced within the first 30 days of installation.

Topic	Personal Observations
<p>Water Tastes Wetter and Better</p>	<p>We love the taste, feel, and consistency of God’s Miracle Water™ because it has a silky, smooth quality unlike any water we’ve ever had. I love the idea that it’s bringing IN the “good stuff” and taking OUT the “bad stuff” in my body every time I drink or bath in this naturally hydrating, pH balanced water.</p>
<p>Smooth, Clear, Beautiful Skin (Moles, Skin Tags & Age Spots)</p>	<p>Within 3 days of bathing in God’s Miracle Water™, two ugly skin tags fell right off my arms. I also noticed that a very large, dark, itchy, irritated mole on my back almost completely disappeared. I can barely see where it was now.</p> <p>The dark age spots all over my face, hands, and arms have begun to fade. If they keep fading at this rate, I expect to be “spotless” in a just a few months!</p> <p>When I had a professional facial recently, my ethnician was absolutely amazed at the condition and appearance of my skin. She said she only needed to use 1/3 of the products she normally used because my skin was so radiant, hydrated, and healthy looking.</p>

<p>Healthy, Silky, Shiny Hair</p>	<p>Every time I used to wash my hair, I noticed a substantial amount of hair in the drain. Now, when I wash my hair, I notice only a few (if any) strands clinging to the drain cover. Not only that, my hair is softer, shinier, and smoother than ever before...even when I don't use shampoo or conditioner!</p>
<p>Whiter Teeth and Healthier Gums</p>	<p>For several years, I have had bleeding gums, which is an indication of periodontal disease. Within 3 days of using God's Miracle Water™, I have had "zero bleeding" of my gums. Not only that, but my teeth look whiter.</p>
<p>Great Finger and Toenails</p>	<p>After a few weeks of bathing in and drinking God's Miracle Water™, my husband noticed that the fungus under his toenails was beginning to clear up! I, too, have noticed a big change in my fingernails. For the first time ever, they are long, strong and don't chip, peel, or break like they used to. Because my natural nails look so good, I don't even wear nail polish any more.</p>
<p>No More Junk Food Cravings</p>	<p>Since drinking God's Miracle Water™, I no longer crave foods and beverages that sabotage my health. I am naturally drawn to foods that nourish my body, and I now eat more sensibly than ever before.</p>
<p>Sparkling Dishes – Sparking Dishwasher</p>	<p>Because we have excessive minerals in our well water, the dishes and glasses in our dishwasher always used to look dull and cloudy. This was downright embarrassing when we had company over for dinner.</p> <p>Since installing God's Miracle Water System™, our dishes and glasses sparkle and shine like someone hand polished them. Not only that, the inside of the dishwasher looks brand new!</p>
<p>Shiny Bathroom Sinks, Bathtub and Shower</p>	<p>The sinks, bathtub, shower, and toilet in our master bathroom are a rich, dark brown porcelain and fiberglass and have been quite a challenge to keep looking clean because of chalky mineral deposit buildup from our well water.</p> <p>I tried over 17 cleaning products (some of them quite toxic), and the only one that did any good at all was plain white vinegar...and even that didn't work that well.</p> <p>Since installing Clayton Nolte's God's Miracle Water System™ just one month ago, everything in the bathroom sparkles and shines...no more white, yukky stuff to dull the finish!</p>
<p>Indoor Plants Grew 30% Bigger in Just 3 Weeks</p>	<p>Within 3 weeks of watering our indoor plants with God's Miracle Water™, our plants have become so tall and wide that we have to transplant some of them into larger containers! Our living room is beginning to look like a jungle with furniture in it!</p>

<p>Outdoor Plants are Thriving</p>	<p>I have a rose bush that looked half dead that never produced a flower for the last 3 or 4 years. Within three days of watering it with God's Miracle Water™, a tiny rosebud appeared. The next day, I saw a beautiful crimson red rose in full blossom. The day after that, another bud appeared, followed by another beautiful floral display. I love it when things like this happen!</p> <p>The same thing happened with a sorry-looking cactus plant that had never blossomed in the 8 years we've had it! I could hardly believe my eyes when I saw a beautiful bright orange flower with iridescent petals reaching toward the heavens in all their glory. I literally gasped in amazement!</p> <p>We have a walnut tree that has looked almost dead for the past 3 years. Because my other plants responded so well to the structured water, I began to water this sad-looking tree with God's Miracle Water™ a few days ago. It may just be my imagination, but I am pretty sure the few leaves that are left on this tree are looking much more vital.</p> <p>I have full faith that this precious tree will fully come back to life by Spring. After all, "With God (and God's Miracle Water), all things are possible."</p> <p>Since installing God's Miracle Water System™, every tree, plant, and scrub on our property is bigger and healthier looking than ever before. Our landscape has never looked better!</p>
<p>Good-Bye Bottled Water</p>	<p>We used to buy several cases of bottled water each week to drink. Although we always recycled the plastic bottles, we felt guilty contributing so much waste to the landfill. We now probably save about \$50 a month on what we were spending on water that was far from healthy to drink in the first place.</p> <p>Yesterday, when I was downtown, it was hot and I was thirsty so I bought a bottle of water to drink. Now that I am used to drinking God's Miracle Water™, the bottled water tasted like "Liquid Yuk"! Needless to say, I waited till I got home to quench my thirst.</p>
<p>Improved Memory and Focus</p>	<p>I write self-help books, facilitate workshops, and spend countless hours on the phone counseling clients. I notice that since drinking and bathing in God's Miracle Water™, my memory is much sharper, I can focus more easily, and I no longer suffer from low energy around 3:00 in the afternoon. I get more done in 3-4 days than I used to get done in an entire week!</p>
<p>Huge Increase in Energy</p>	<p>For most of my life, I have had enormous resistance to exercising because I never had much energy after working all day. I now have enough energy after working 8-10 hours to easily walk for 1-2 miles. This is a major breakthrough for me. I now look forward to engaging in other forms of exercise to increase my strength, flexibility, and endurance.</p>

<p>No Need for Chlorine in Hot Tub or Pools</p>	<p>We never liked soaking in chlorinated water so we just stopped using our hot tub several years ago. Since we won't have to use much (if any) chlorine or chemicals to keep the water free of bacteria now, we plan to fire up the hot tub again his fall.</p> <p>I look forward to relaxing in a pristine, clean, hot water that hydrates, nourishes, and detoxifies every cell of my body before I go to bed each night.</p>
<p>Wildlife are Wild About God's Miracle Water™</p>	<p>Animals and wildlife love good water too. Since installing God's Miracle Water System™, our property has become a sanctuary for more wildlife than ever before.</p> <p>Not only do we see several deer coming to graze and drink from the ponds each day, but the bunny, squirrel, quail, and hummingbird population has increased substantially.</p> <p>Not only that, but for the first time in 32 years, we have a family of 10 wild turkeys who come to visit us 3-4 times a day. It's like living in a wildlife preserve. We are so-o-o-o blessed. Thank God for God's Miracle Water™.</p>

Product Information

...a Perfect Product for Every Purpose

<p>The Deluxe Homeowner's Complete Whole-House Unit</p>	<p>Services every sink, bathtub, shower, hot water heater, and hose bib inside and outside of house within 300' of installation.</p> <p>(These units are 20 -22" long and come in sizes ½" – 1 ¼" to accommodate the size of your water pipes.)</p>	<p>\$999</p>
<p>The Under-the-Sink Unit (Perfect for Renters)</p>	<p>Can be installed under your kitchen or bathroom sink</p> <p>(These units are 9" long.)</p>	<p>\$329</p>
