L: 18 in. (45.72 cm) Dia. 2.5 in. (6.35 cm.)

Our Ultimate Structured Water Units ensure maximum lifespan of all the water appliances in your home or business. Your ice maker, hot water tank or tank-less heater and dishwasher will operate more smoothly without harmful build-up of minerals.

Our complete line of water Structuring Units are maintenance-free giving you peace of mind that your investment helps all equipment associated with water function as if they were NEW.

Our units utilize the flow of water through the unit as its energy source producing a naturally softer, high vitality water that is safe for consumption and extremely healthy for people, animals, fish and plants.

Order a Home or Commercial Unit today and rest assured that *your* soft water investment will contribute to the Balance of Nature and the health and wellbeing of your family and friends for a lifetime.
